SUMMARY

Emotionally intelligent and technically skilled Developer with strong leadership, planning, and client handling abilities. Experienced in building responsive and user-friendly applications. Passionate about solving real-world problems through technology, teamwork, and continuous learning. Seeking to contribute and grow in a dynamic organization.

WORK EXPERIENCE

Full Stack Developer as an Intern, Grras Solution Pvt. Ltd.

Jan 2025 - Present

- Developed core modules for an e-commerce website using React.js (frontend), Node.js (backend), and MongoDB (database).
- Designed modern, responsive UIs using Bootstrap, enhancing overall user experience.
- Collaborated with cross-functional teams for seamless backend-frontend integration and deployment.

Web Developer as a Intern, Infolabz

July 2024 - August 2024

- Built and deployed 5 web applications, including a weather app, a stopwatch app, and a tic-tac-toe game.
- Utilized HTML, CSS, JavaScript, and React.js for frontend development; Node.js for backend.
- Improved user experience by implementing responsive design and accessibility best practices.

PROJECTS

- Personal Portfolio: HTML, CSS, JS - Showcasing skills and achievements.
- Weather Web App: Fetch API + JS - Weather updates.
- Tic-Tac-Toe Game: HTML, CSS, JS - Interactive two-player game.
- Stopwatch App: React.js-based stopwatch.
- Uber Clone (Figma): UI/UX Design Project focusing on real-world app flow.
- The School Management System: MERN Stack app for school data management.
